

Apply to receive Fresh Bucks benefits in 2022!

The public lottery application opens on October 11, 2021.

Starting October 11 through October 29, apply to receive Fresh Bucks benefits in 2022.

Everyone must apply for the 2022 benefits year, even if the applicant is a current Fresh Bucks customer. Applicants can submit applications online or by phone and these details will be available at SeattleFreshBucks.org on October 1. The following information is required to determine eligibility:

Number of people in a household.

“Household” means all the people who live with an applicant and share in the expenses. If the applicant’s household size changes frequently, please indicate the household size that is most constant.

Total household income, before taxes, during the past 12 months.

Current home address. This information needs to be entered correctly or it could impact the application submission. If an applicant does not have a home address, please enter a mailing address.

All eligible, unduplicated applications received within the public lottery application period will be entered into a public lottery. An applicant’s chances of being selected in the lottery are the same, whether they apply online or over the phone.

Fresh Bucks partners with local community-based organizations and health clinics to enroll eligible people to receive Fresh Bucks benefits. If an applicant has submitted an application with a partner organization, they do not need to submit a Public Lottery application.
